UCSF Launches New Interprofessional Education Curriculum

Sep 24, 2014

UCSF continues to offer its Interprofessional Education Curriculum, *Core Principles of Interprofessional Practice*, for the 2015-16 academic year. This curriculum is a hybrid approach, incorporating both an online platform and face-to-face small group sessions. The online component of the program will incorporate modules and assignments from the UCSF Online Course, "Collaboration and Communication in Healthcare: Interprofessional Practice". Small groups will consist of first year learners from the Schools of Dentistry, Medicine, Nursing, Pharmacy, and Physical Therapy. Face-to-face sessions for 2015-16 will occur once a quarter in the fall, winter and spring quarters on the following dates:

- Session #1 - Monday, October 5, 2015 from 2:00-4:00pm
- Session #2 - Monday, January 11
- Session #3 - Monday, April 18

Second year learners will complete the rest of their sessions in 2015-16 on the following dates:

- Session #4 - Monday, October 12
- Session #5 - Monday, January 25

Look out for more information on this new curriculum on our website over the next few months!
